Stevens Strategic Drivers for Affiliation

As originally defined by the Stevens Board

The Stevens strategic plan clearly identifies need for affiliation:

- Supported by public, physicians and employees

People:

- Affiliation will aid in recruitment, retention

Service:

- Improve brand and enhance service offerings

Quality-Safety:

- Integrated access to advanced care centers and latest medical treatments for district

Growth:

- Increase access and improve brand

Community:

- Will be positive for the community

Swedish in 2010

Swedish is the largest, most comprehensive medical System in the Seattle area with:

- Relationship with Stevens pending regulatory approval
- Three existing hospital campuses
- Hospital under construction in Issaquah
- Freestanding emergency and ambulatory center
- Three emergency and ambulatory centers in planning / construction
- Seattle facilities spanning 21 city blocks
- 1,245 beds
- 12 primary-care clinics
- 9,960 Home-care services patients
- 2,300 medical staff members
- 6,838 medical center employees and 1,062 physician division employees
- Net revenues of \$1.3 billion in 2009

Swedish Mission: Improve the health and well-being of each person we serve

Our Founding Principles – 1910 (Dr. Nils Johansen)

- *Pursue modern and progressive methods of treatment.*
- *Provide progressive leadership and excellent training.*
- *Hold people who are connected with the organization to high standards. They should be well qualified and of good character.*
- *Manage with a high degree of efficiency.*
- *Be pioneering in the use of technology and equipment.*
- *Anything that helps the patient feel more content will speed his recovery.*
- *Discover those areas of medicine which show great promise and make decisions without delay.*
- *Offer a strong support system to staff.*
- *Provide quality care at the lowest possible cost.*
- *Skilled nurses are the heart of the hospital.*
- *Obtain the highest quality of skills and equipment needed for the optimum practice of medicine.*

Shared Missions

Improve the health and well-being of the community through local, high quality and compassionate healthcare services.

Improve the health and well being of each person we serve.

Stevens and Swedish: A Cultural Fit

- Both have similar missions to serve the community
- Both are non-profit and secular
- Partners in specialty care since 1991
- Both community-based, locally controlled
- Similar labor relationships
- Shared commitment to reforming health care delivery
- Long standing commitments to charity care and the underserved

Goals – as defined by Stevens and Swedish in 2009

Improve the health of South Snohomish County:

- Measurably improve health outcomes
- Enhance health care in community & create convenient local access

Meet the needs of the community

- Maintain Stevens as a vital community resource
- Increase charity care & other community benefits in South Snohomish County
- Assure that Stevens/Swedish have the brand and “clout” to recruit and retain the best physicians and staff
- Assure access to the latest technologies across the continuum of care, including a state-of-the-art electronic medical record system

Goals – as defined by Stevens and Swedish in 2009

Be on the leading edge of health care reform

- Use new delivery models to increase access & quality and reduce costs
- Create a regional delivery network, with community-based care in South Snohomish County & increased access to a comprehensive system

Support economic growth at Stevens and in the community

- Create more health care jobs in South Snohomish County
- Improve patient volumes and financial margins to assure long term financial viability and access to capital

Enhance and expand the stated missions of both organizations

- Maximize opportunities for improved quality, patient safety and service
- Retain and recruit the highest quality medical staff, nurses and other staff
- Utilize the combined assets and talents of the parties to serve the community

Swedish's Regional Growth Strategy

- Our ambulatory and community hospital strategies will bring ***care closer to the patient***
- Acute care efforts will ***reduce costs and provide value*** through greater efficiency and reduction of waste
- Our tertiary facilities in Seattle will continue to serve as regional referral centers

Swedish – Executing the Growth Strategy
